“What is needed is a realization that power without love is reckless and abusive and that love without power is sentimental and anemic. Power at its best is love implementing the demands of justice. Justice at its best is love correcting everything that stands against love.”

Dr. Martin Luther King, Jr. wrote these words in his last book, ‘Where Do We Go from Here: Chaos or Community?’, which was published in 1967. The ideals shared within the quote are worth exploring to understand the connection between power, justice, and love.

In conjunction with our King Holiday Observance theme and the Be Love movement, The King Center presents a 2-part, in person, and virtual training series. The series will feature a study of Dr. King’s words about power, love and justice, and examine other Kingian teachings that can help us ‘Be Love’ to shift the cultural climate and create the Beloved Community in our homes, schools, workplaces, legislative bodies, and in other areas of life.

Humanity is dynamic, with the capacity to live together in just, humane, equitable and peaceful ways far more than we are currently demonstrating. The 2024 Beloved Community Global Summit will challenge those who join across the globe to explore that capacity, and to think higher, love deeper, and commit to the multi-faceted work of creating the Beloved Community. This year, the challenge will be lifted in conjunction with exploring the 2024 King Holiday Observance theme, *It Starts with Me: Shifting the Cultural Climate Through the Study and Practice of Kingian Nonviolence*.

The 2024 Summit will include panel discussions, interviews, 10-15-minute Summit talks, and innovative video presentations, all focused on examining and arriving at solutions about how we can shift the cultural climate in various areas of society. Guest influencers, artists, civic leaders, activists, and concerned global community members will discuss and share action steps for shifting individually and internally, collectively and civically, and relationally and restoratively.

**Registration is required to receive supplementary materials and fully participate in the Summit.**

**BELOVED COMMUNITY TEACH-IN**  
**FRIDAY, JANUARY 12, 2024**

The purpose of the Beloved Community Teach-In is to educate K-12 students about Dr. Martin Luther King, Jr. and Mrs. Coretta Scott King's legacies and to champion the completion of their unfinished work. Our goal is to establish an annual day of action and advocacy for creating the Beloved Community. The King Center has educators, trainers, lesson plans, and other resources for facilitating Teach-In discussions. In keeping with the theme, K-12 lesson plans for the 2024 Teach-In will reinforce the knowledge, skills, and dispositions students need to not only be positive contributors to the creation of the Beloved Community but also to succeed in college, careers, and civic life. For example, early childhood lesson plans will focus on the building blocks of character, sharing, caring, and cooperation, while middle and secondary lesson plans will focus on active listening, showing empathy and interdependence.

Full lesson plans with objectives, activities, and measurable outcomes will be sent upon registration. To join The King Center, along with educational institutions and organizations around the globe, for the 2024 Beloved Community Teach-In, please register at [www.thekingcenter.org](http://www.thekingcenter.org).
